

# Register for 2019 TTB Trade Practice Seminars

Posted 02/07/2019

Have you ever wondered why TTB keeps mentioning inducement when we're talking about trade practices? Are you concerned that you may be operating in violation of the tied-house rules? Should you be? What exactly are consignment sales anyway?

Come learn all this and more as TTB presents half-day **Trade Practice Seminars** geared towards alcohol beverage industry members or their representatives.

Officials from the applicable state regulatory agencies will also be there to talk about trade practice enforcement from their state's perspective.

To register, click on the appropriate link below and follow the instructions on the registration page. Registration will close when we reach capacity, or one week prior to the seminar, whichever comes first. Space will be limited, so be sure to register soon!

**NOTE:** The morning and afternoon sessions are identical. **Please only register for one.**
